Gravel Grinders Section Integration Guide (Dawn Theme – Shopify)

Step-by-Step Instructions

Step 1: Add the Section File

- Go to your Shopify Admin.
- Navigate to: Online Store → Themes → Click "Edit code" on your Dawn theme.
- In the Sections folder: Click "Add a new section".
- Name the file: gravel-grinders.liquid
- Paste the full content of your gravel-grinders.liquid file into this new section and click Save.

Step 2: Add CSS and JS Assets

In the Assets folder:

- Click "Add a new asset" → Upload section-gravel-grinders.css
- Click "Add a new asset" again → Upload gravel-grinders.js

Make sure these filenames match exactly with the ones referenced inside the .liquid section file.
